**NOTICE OF DETERMINATION OF REVENUE REQUIREMENTS  
(California Code of Regulations Title 23 Section 510 *et seq.*)**

The California Department of Water Resources ("Department" or "DWR") hereby provides notice of its determination of revenue requirements for the period January 1, 2013 through and including December 31, 2013. The Department has made this determination of revenue requirements in accordance with California Water Code, Division 27 (the "Act") and California Code of Regulations, Division 23, Chapter 4, Sections 510–517 (the "Regulations").

The Department has determined that its Revenue Requirement for the period January 1, 2013 through and including December 31, 2013, is \$864 million, consisting of \$1 million in Power Charges and \$863 million in Bond Charges. Included in its Revenue Requirement, the Department projects that it will have adequate reserves in its Power Charge Accounts at all times to pay all Department costs, return \$116 million of excess amounts to customers and maintain reserves at sufficient levels to satisfy indenture required minimum balances.

In reaching its revenue requirements determination, the Department followed procedures consistent with those contained in the Act and the Regulations. The Department issued a proposed determination on June 15, 2012. Interested parties were advised to submit comments no later than July 6, 2012. No comments were received and this 2013 Determination remains unchanged from the proposed 2013 Determination.

The Department may propose to revise its revenue requirements for 2013 given the potential for significant or material changes in the California energy market including changes in forecasted fuel costs, novation of some of its power contracts and many other events that may materially affect the realized or projected financial performance of the power charge or the bond charge accounts. In such event, the Department will inform the Commission of such material changes and will revise its revenue requirements accordingly.

This notice is being provided via electronic mail to those persons who received the original notice by electronic mail and by U.S. Mail to every person who has submitted a request for notice by U.S. Mail. This notice is also posted on the Department's web-site.

DWR will consider any request for reconsideration of the determination of revenue requirements only if the request satisfies the requirements of Section 515 of Title 23 of the California Code of Regulations, which are summarized below. To be considered, requests for reconsideration must be received at either of the following addresses by 5:00 P.M. on August 16, 2012:
